I'll lay you down on my bed  
And kiss your neck  
And if you want to,  
Girl we can have...

I'm lovin' you,  
And I need you babe

You're sensational  
You're intelligent  
Any man would wanna be in my shoes  
You're relatable  
You're sensational  
And I would never let you go  
My...

Babylove,  
If you are feelin' me  
Give me all your trust  
And not just a piece of your heart  
Be my  
Babylove, if you would just let go  
Kissing me, my love  
It's you that I adore

You are, more than perfectly shaped  
You heard it all before  
Before you even came about, beauty  
Complex to talk about you  
It's true, finest your highness is you  
They couldn't be  
They could never be your quality  
My gotsta be  
If not, they need to show & prove  
Perfection is a blessing  
And it's lucky that is graced you  
And this ain't new to you  
See why they choosing you  
Baby, you're my love  
Fly as a dove, and I'm cool with you.

I never met a girl that's perfect for me  
Brighten my life,  
Girl you're so sexy  
Like luxury, see baby girl  
I'm in love with thee  
And that's true,  
I put that on my heart  
There's nothin' I won't do for you  
You're fine, you look good for your man  
And I'm in love with your shape  
I'll do anything I can for you  
You're my heart, it's true  
And I'mma always stay fresh  
'Cause you look brand new
