Thought we had something quite unusual  
We never held back anything  
When it's good you know it's beautiful  
It seems like both of us have changed

I feel it slipping away  
And everythings so mundane  
I'm lying next to your pain  
(I'm lying next to your pain)

Your kisses don't feel the same  
And we've got nothing to say  
We've both made stupid mistakes  
It's ok

Baby it's alright  
I won't spent the night  
Take back the key

You don't have to say  
I won't ask to stay  
I'd rather leave, than be like this  
It's Breaking me down inside  
And you shouldn't have to lie  
Your breaking me down inside

It's all becoming so unbearable  
The empty hugs and shallow smile  
Maybe I'm just a little insecure  
Intimacy had been a while

It's not that I haven't tried  
And baby you know I've cried  
How can we salvage the day  
(How can we salvage the day)  
I still remember your touch  
Some how I miss you so much  
But at the end of the day  
It's ok

Baby it's alright  
I won't spent the night

Take back the key

Please don't say another word

Don't say it

It's breaking me down

It's Breaking me down

Yeah

Baby it's alright

I won't spent the night

Take back the key
