What I'm missin'
And I need in my world
Got me wishin'
You could be my candy girl
What I'm missin'
And I need in my world

You could be my candy girl(x2)

I never had a girl that made me step up my swagger
No one is badder, girl you got me climbin ladders
Up to your heart
Cause I don't never wanna part from you
It's like I'm stuck and I never wanna get off you
You fly as ever, we can fly through any weather
When we're together I, I feel better
What If this world was minus you I wouldn't know what
to do
To my candy girl is who I devote myself stay true
You

Killin' me softly
Ma I can't stop
You the sweetest taboo
Willy Wonka's couldn't be as sweet as you
Heart beat fast so they had to chop and screw it
Tryin not to look at you is useless
Leavin' you is foolish
I'm addicted and it's killin' me
She reckless intent, LV print, windows is tint
Mysterious and she'll leave you delirious
And she leaves me curious
Uh yeah that's my candy girl

What I'm missin'
And I need in my world
Got me wishin'
You could be my candy girl
What I'm missin'
And I need in my world
