[Marcel]:

I'm just sitting here about to take the stand.

I gotta prove, I'm not a guilty man.

I've been accused of a crime of giving you everything
but my time.

So let me say in my defense, I didn't know that I was
doing you wrong.

I'm gonna never let it happen again.

From this moment girl it's about to be on.

[Chorus]:

Put me on lock tonight, cause all that I want to do is be
alone with you.

I feel like doing hard time.

I aint trying to (cop?) or plead if you're down to serve
with me.

We saying in alright, I feel like doing hard time.

[Marcel]:

The verdict's in, I got work to do.

Got to make up for the time I've neglected you.

I'm serving life, there's no need to rush.

I'm gonna be here for you girl, now that's what's up.

Let's lay here for a while, let you lock me up and hide
the key (Yeah)

Girl you know that drives me wild, everytime you put
your hands on me.

[Chorus]:

Put me on lock tonight, cause all that I want to do is be
alone with you.

I feel like doing hard time.

I aint trying to (cop?) or plead if you're down to serve
with me.

We saying in alright, I feel like doing hard time.

[Myles]:

(Uh) Lock me down, take me away like the cops around.

Straight to the bed you could lock me down.

Not like them other girls cause they flock to myles.

(Hard time)

You got me now, don't ever let me go cause if you drop

me now,
Every woman on like every block in town feelin' like you
was around, cause you shot me down.
Right in the heart, been in love with you, knew it from
the start.
I'll never let you leave, we'll never grow apart.
I'll show you what I mean to make love in the dark.
(Uh) Like lover's art, stay with me, you're above the
stars.
Play with me, how I like this cause.
All day you see we'll be doing it hardtime.
(Hardtime, hardtime)

[Chorus]:

Put me on lock tonight, cause all that I want to do is be
alone with you.
I feel like doing hard time.
I aint trying to (cop?) or plead if you're down to serve
with me.
We saying in alright, I feel like doing hard time.

(Oh I feel like doing hard time, yeah. I feel like doing
hard time, yeah)

(Oh I feel like doing hard time, yeah)
