[Marcel:]

Since you been with him
It's hard to ignore
That I barely ever see you smiling anymore
He talks to you
Any old kind of way
For the life of me
I don't know what's making you stay

And I heard that yall be going to the movies dutch
And he play it to the left when yall be at the club
Girl just how long before u finally wake up
And say enougs enough (ooh ohhhh)

[Myles:]

If you were mine shawty
I'd keep you fly shawty
You should be with me
I could tell that he
Don't even try shawty
He's playing games shawty
You need a change shawty
You should be with me
You would be happy

[Marcel:]

If you were mine

[Marcel:]

Whatcha doing with
A wannabe baller
Always talking big
But he ain't doing nothing for ya
You deserve better girl you know you do
So why you let this dude run all over you

The fact that you can't trust him got you feelin stress
And you don't have to put up with all this foolishness
(no you don't)
Girl just how long before u finally wake up
And say enougs enough (ohhhh)

[Myles:]

If you were mine shawty
I'd keep you fly shawty
