Just know it's getting easier to breathe.
And I know, what your thinking, it's not a waste of time.

Failed the conformation, from your lips.
You let me know that I, am worth this.
With this done, to much trouble.
Couldn't stop listing all of the things that could keep us
apart.

Maybe one day when we look back upon this.
We'll sit back and laugh at the things that can honestly
make us doubt.

[X2]
Lets take our time.
Cause I just know,
That rushing a romance is a guarantee killer.
That will leave us dead in the wake.

[X2]
It's getting kind of hard to take it slow.
When I am up all night thinking about you.
It doesn't even matter how long it takes.
I'd be okay because we'd be together some day.

Waiting and hoping for the next time.
Were together and staying up all night
Waiting and hoping for the next time.
I get to stare into your eyes!

[X2]
Lets take our time.
Cause I just know,
That rushing a romance is a guarantee killer.
That will leave us dead in the wake.

But they don't understand they try their hardest to
break us apart.
They try to say that we were doomed straight from the
start.
But we know the truth and that's good enough for us.

[X4]

It about time I escape the shallow end of the pool.

This feels like something real.

I am willing to wait for you.
