Hey Mona Lisa, who was Leonardo?  
Was he Andy Warhol?  
Were you Marilyn Monroe  
Hey Mozart, what kind of name is Amadeus  
It's kinda like Elvis  
You gotta die to be famous  
I may not go down in history  
I just want someone to remember me

I'll probably never hold a brush  
that paints a masterpiece  
Probably never find a pen  
that writes a symphony  
But if I will love then I will find  
That I have touched another life  
And that's something  
Something worth leaving behind

Hey Midas you say you have the magic touch  
But even all that shiny stuff  
Someday is gonna turn to dust  
Hey Jesus it must have been some Sunday morning  
In a blaze of glory  
We're still tellin' your story  
I may not go down in history  
I just want someone to remember me

I'll probably never dream a dream  
and watch it turn to gold  
I know I'll never lose my life  
to save another soul  
But, if I will love then I will find  
That I have touched another life  
And that's something  
Something worth leaving behind

Hey baby see the future that we're building  
Our love lives on in the lives of our children  
And that's something  
Something worth leaving behind
