Tell me  
Am I your baby?  
You misunderstand me,  
Just want a piece of your ass  
Impress me  
Afterall I'm a lady  
And dude if you bore me  
I'll send you back to your wife

You're just a Boytoy Baby

Romance  
I don't want no romance  
Just grab me with your hands  
And leave when I'm done

Honey  
You can keep all your money  
I want you to owe me  
It's just a game that I play

You're just a boytoy baby  
Boytoy baby
