You wanna talk about devotion  
You wanna talk about true love  
After the moment of emotion  
It's kinda hard to keep the mood up

Well look into my eyes  
And tell me what you see, darling  
I've forgotten what it was in you  
That put the need in me

Your arms were like a little paradise  
But your arms have changed  
And the flicker of a good love's fire  
Has seen brighter days

When we've said every line  
And played out every scene  
I've forgotten what it was in you  
That put the need in me

Well honey you and I  
We had the sweetest thing  
And we can try and try and try  
But somethin' ain't the same

Don't look me in the eye  
Cause I'm the one to blame  
I've forgotten what it was in you  
That put the need in me

Who'd ever thought that I  
Would have the guts to change  
We could try to live a lie  
You'd hate me just the same

Oh, honey please don't cry  
I'm sorry and ashamed  
But I've forgotten what it was in you  
That put the need in me
