I couldn't change him if I tried
I couldn't be his doll even if I wanted to
cause I'm me, not you.

I couldn't be a little girl
I couldn't walk around like I had no clue
cause I'm me, not you.

Look where you've gotten me this time
I'm up against a wall
like I committed a crime

Take care, I hope never to see you here.
Bye bye, promise not to cry.
Bye bye.

I can lead them all like mice
I couldn't fool them all, that's not something I do
cause I'm me, not you

I couldn't hide my purple eyes
I couldn't swallow them and not even chew

cause I'm me, not you

Look where you've gotten me this time
I'm up against a wall
like I committed a crime

Take care, I hope never to see you here.
Bye bye, promise not to cry.
Bye bye.

Your disguise is not fooling me
your embrace is not comforting
and I can't follow you around

Cause I see your evil ways
and it kills your innocence
but I still followed you around.

Take care, I hope never to see you here.

Bye bye, promise not to cry.
Bye bye. (2x)

Take care
bye bye
