Not again I scream
Over-analyzing everything
The circle of us
Won't break it's pattern
Won't seize cause

I am your stubborn hypocritical lover
Guarded by thorns of my past
You have been wounded, bled out
Anger gushing
And none of us thought it would last

The winds of your ego
The waves of my tears
Made the most perfect almighty storm
That we've seen this year
But experience gathered
We've learned from our past
So don't worry darling
This too shall pass

Soul-bruising, I look at you
Accusingly cause I am black and blue
Emotional fist
You are the only man who makes me feel like this

I am your weakness, I am your protector
But who will protect you from me?
The damage is obvious, patch me together
Loosen your grip boy, I can't breathe

The winds of your ego
The waves of my tears
Made the most perfect almighty storm
That we've seen this year
But experience gathered

We've learned from our past
So don't worry darling
This too shall pass

The winds of your ego
The waves of my tears
Made the most perfect almighty storm
That we've seen this year
But experience gathered
We've learned from our past
So don't worry darling
This too shall pass
