Born on a hungry street

children of darkness grew upon the beat.  
Anything in our way  
we'll just move away.

Body Rock lyrics

Born on a hungry street

children of darkness grew upon the beat.  
Anything in our way  
we'll just move away.

I got the hearts to win  
you got the eyes that say that I can.  
We've gonna turn this town upside down tonight

They can't stop us now!  
Body rock  
get your body into music

Body rock comes from deep inside me

Body rock  
let your body talk to me tonight.  
We've come from underground  
oh  
stickin' together

Gonna turn the world around.  
Runnin' through the neon night with a dream inside.  
This is like something new

Heartbeat to heartbeat comin' straight at you.  
We've got the moment now

once we're on the move

They can't hold us now !  
Body rock  
get your body into music  
...  
Body rock means you do it like you feel it

Body shot turns the beat electric

Body rock - let your body talk to me tonight.  
Body rock  
get your body into music

Body rock comes from deep inside me

Body rock  
let your body talk to me  
to me  
to me

to me  
to me.  
Body rock means you do it like you feel it  
...  
Body rock - body rock - body rock - body rock.
