So much less to you
What you lead me to
Even though I'm moving on
All your fancy chat
I know you're not all that
All you gave to me has gone
To anyone out today
I will turn your blue to grey

Close your eyes and count to ten
Here comes the weather man again

Chorus.
Rain down, wash away these lies forever
Rain down, drown the chance of us together
Rain down, cover the tears if you can
Rain down
And drown the weather man

So much less to you
Than what I signed up to
You blow hot and cold for me
So change your attitude
Cos I don't need your moods
This is not reality

Close your eyes and count ot ten
Here comes the weather man again

Chorus.

I know I've done whats right
Where you were last night
I'll leave the rain behind
Cos I don't really care
You can stick it where
The sun doesn't shine on me

Chorus.

Yeah, Yeah
Yeah ,Yeah, Yeah, Yeah

Rain down
And drown the weather man
(Repeat)
