I got 1 for the money, I got 2 for the bass
I got 3 to get you goin baby
'Cause Da Brat's in the place
And you don't stop, and you don't quit

We were as one baby for a moment in time
And it seemed everlasting that you would always be
mine
Now you wanna be free, so I'll let you fly
'Cause I know in my heart babe our love will never die,
no

Chorus:

You'll always be a part of me
I'm part of you indefinitely
Boy don't you know you can't escape me
Ooh darlin' 'cause you'll always be my baby
And we'll linger on
Time can't erase a feeling this strong
No way you're never gonna shake me
Ooh darlin' 'caus eyou'll always be my baby

Yes you will

I ain't gonna cry, no
And I won't beg you to stay
If you're determined to leave boy
I will not stand in your way
But inevitably you'll be back again
'Cause you know in your heart, baby
Our love will never end
No, no
Oh

Chorus

I know that you'll be back boy
When your days and your nights get a little bit colder
(When your days and your nights get a little bit...
colder)
I know that you'll be right back baby
Oh baby believe me, it's only a matter of time

Time

Who brings the ruckus and the pain like Meth?
It's evident, the residents of So So Def
Got the industry on lock where outsiders can't enter
Ever since the arrival of this West Side representer
Who rocks your music box and break down ya
structure?
You fantasize as you visualize me as your dreamlover
With your emotions unplugging your daydreams
Face reality
Reason through MC's, inflicting fatality
Ain't no cap on my salary
I'm getting cheese if you heard of me then you know
that we's making G's
Let's Xscape with Mariah Carey and me to the back
Steady stackin' paper, smokin on fat sacks of dank
See for some I'm a hero, others feel I'm foul
But that's my style and they don't pay me (no)
Nor can they fade me
So what I do is keep it true and real for my peeps in the
street
'Cause to them, I'ma always be they baby

May we always be together... understand

And it don't stop, uh
And it don't quit, uh
(Repeat)

Chorus

Baby, oh
Never
No, no, no
You and I will always be
You and I, you and I
You and I will always be
No way you're never gonna shake me
No way you're never gonna shake me
You and I will always be
No matter what you do, matter what you do
Baby, baby
