"Be Still My Heart"

My heart is not lonely or broken
It's not of ice or of gold
Not has my heart ever spoken
To me when a love has grown cold
I felt not the faintest flutter
When you brushed my cheek as you passed
Nor will I willingly flutter
My life with these things that don't last

[course]
Be still my heart
My heart be still
Be still my heart
My heart be still

If our eyes should meet then so be it
No need to trouble a heart
That is hidden where no one can free it
Only to tear it apart

[course]
Be still my heart (my heart be still)
My heart be still
Be still my heart
My heart be still

Be where, be where
(be still my heart)
to care, to care
(be still my heart)
be where, be where
(be still my heart)
to care, to care
(my heart be still)
be where, be where
(be still my heart)
My heart

oooh aaaa

Be still my heart

My heart be still
Be still my heart (my heart)
My heart be still
Be still my heart
My heart be still

My heart
Be still

mmmm

My heart
Be still
