Touch Me Baby
It feels so amazing (yeah)
As you serenade me
And you make me want you
More and more

What do I do
What do I say
Does it feel good
To you this way
I wanna be all that you need
Boy what's your fantasy
Baby hold on, ready or not
Baby my love ain't gonna stop
Take it down low
Make me get high

Oh my love goes
On and on and on and on and on
My love goes
On and on and on and on and on
My my my my lovin goes
On and on and on and on and on
My love goes
On and on and on and on and on
See all my loves for you

Baby don't you rush me, no
You gotta take it slow
Just let the feeling grow
Until it overflows
Anyway you want it now
Just gotta tell me how
To give you everything
You ever dared to dream

Isn't it bliss
Tell me right now
Don't be subdued
Say it out loud
Ain't it a sweet
Luscious delight

When your immersed in my ocean of love
Comin on strong
Baby I've been waiting so long
Revel inside of paradise

Oh my love goes
On and on and on and on and on
My love goes
On and on and on and on and on
My my my my lovin goes
On and on and on and on and on
My love goes
On and on and on and on and on
See all my loves for you

So
Gimme some pure (Gimme some pure) delectable love
(delectable love)
Like I'm gonna give to you (I'm gonna give it to you)
Keep comin around (Keep Comin Around)
Cause I won't won't run out (I Won't run out)
I can't get enough of you
My love goes on... (Amazing)

On and on and on and on and on
My my my my lovin goes
On and on and on and on and on and on
My love goes (ahhh amazing)
On and on and on and on and on
My my my my lovin goes
On and on and on and on

See all my loves for you
You baby, you baby, you baby (amazing) my
See all my loves for you
You baby, you baby, you baby my (it's for you)
My love, my love my lovin goes (let it go)
You baby, you baby, you baby my... (ah-ah-ah-ah)
See all my loves for you
You baby, you baby, you baby my
My love, my love my lovin
My love goes on and on
You baby, you baby, baby

You baby, you baby, you baby (amazing)
My love, my love my lovin

Just drinking you in
And still tingling
Baby can't you feel what you do to me

Ain't nobody who can compare to you
What you waiting for
Come give me some more
