I need a lover to give me
The kind of love that'll last always
I need somebody uplifting
To take me away, oh baby

I needs a lover who knows me
Who understands how I feel inside
Someone to comfort and hold me
Through the long lonely nights till the dawn
Why don't you take me away

Dreamlover, come rescue me take me up, take me
down
Take me anywhere you want to, baby, now
I need you so desperately won't you please come
around
'Cause I wanna share forever with you, babe

Yeah, with you, baby, baby, baby, babe
Whoa, with you, babe
With you, baby, baby, baby, now

I don't want another pretender
To disillusion me one more time
Whispering words of forever
Playing with my mind, oh no, no

I need someone to hold on to
The kind of love that won't fly away
I just wasn't someone to belong to
Every day of my life always
So come and take me away

Dreamlover, come rescue me take me up, take me
down
Take me anywhere you want to, baby, now
I need you so desperately won't you please come
around
'Cause I wanna share forever with you, baby

Yeah, whoa, take me up
Take me up, take me up

Whoa, whoa, whoa, hey

Dreamlover, dreamlover, dreamlover
Dreamlover, dreamlover, dreamlover
Dreamlover, dreamlover

Won't you come and take me away
Whoa, ooh
Somebody come and take me away
Yay

Take me, take me, take me
Come and take me, take me
Away, away come and take me
Take me, baby, come and take me
Baby, won't you take me away

Need your love, need you, babe
Need you now, oh, oh, oh
Oh yeah, oh, oh, oh

Why don't you take me, take me, baby take me
Baby, won't you take me away, away
Come on and take me, take me
Won't you come and take me
Baby, won't you take me away, ooh

Won't you come on out
Won't you come on now
Won't you come on, baby
Won't you come on now
Won't you come on, baby, oh, baby, oh

Dreamlover, dreamlover
Dreamlover, dreamlover

Dreamlover, come rescue me take me up, take me
down
Take me anywhere you want to, baby, now
I need you so desperately won't you please come
around
'Cause I wanna share forever with you, babe

Dreamlover, come rescue me take me up, take me
down
Take me anywhere you want to, baby, now
I need you so desperately won't you please come
around
'Cause I wanna share forever with you, babe

Come on, babe, whoa, oh yeah, yeah

Oh yeah, oh yeah won't you come on baby
Ooh, won't you take me away
Oh yeah

Come on, baby, come and take me away
Baby, come and take me away
Whoa, baby, come and take me away
Baby, come and take me away, oh, oh, whoa

Dreamlover, dreamlover
Dreamlover, dreamlover
