Baby, don't tell me you miss me, you love me  
Don't whisper gently that you can forget me  
Tonight tonight cause I've heard it all before  
Just turn away don't play that game  
Baby I don't want to anymore

Don't you know that love is gone  
It's too late  
Everything fades away  
Nothing ever stays the same  
Baby

Don't tell me you're sorry you hurt me  
How many times did I gave in  
How many battles can you win  
Oh don't beg for mercy  
Tonight tonight cause I can't take any more  
Just turn around don't break me down  
Baby I don't love you like before

Chorus Intermediate  
Chorus 2x

It only fades, it only fades  
Baby don't tell me you miss me you love me
