Heat, heat, heat, heat
Heat, heat, heat, heat
Heat, heat, heat, heat
Heat, heat, heat, ahhh

They said
I couldn't come no harder
Can't sleep on this heat
Don't bother
They said
I couldn't they said
I couldn't
Can't sleep on this heat
Don't bother

I see you
With your favorite dress
On again
I guess you thought
That you were slick
But I already peeped
You got your tag tucked in
You're strugglin'
Tryin' to look cute
In your best friend's boots
But they don't hardly fit
Why you back again
Tryin' to steal my man
I told you once before but
You don't hear me
I ain't who
You think I'm is
I will snatch off
All this ish

You think
I won't come
Out these heels
And make it clear
I ain't the one
You think
I won't fuck up my hair

And take it there
I ain't the one
Keep your hands up
Off my boo
Ain't no telling
What I'll do
What makes you think you
Fly enough to
Take my man, no
Sho ain't the one
Sho ain't the one
I ain't the one

All these J.O.'s
Want what's mine
But they done
Lost their mind
They on him
Like the ice cream man
Night and day
Why I got to fight
To keep 'em all away
They crammin'
But they know
They can't have none
Obsessin'
But they're messin'
With the wrong one

I ain't who
You think I'm is
I will snatch off
All this ish

You think I won't come
Out these heels
And make it clear
I ain't the one
You think
I won't fuck up my hair
And take it there
I ain't the one
Keep your hands up
Off my boo
Ain't no telling
What I'll do
What makes you think
You fly enough to
Take my man, no
I ain't the one

They said
I couldn't come no harder
Can't sleep on this heat
Don't bother
They said
I couldn't come no harder
Can't sleep on this heat
Don't bother
They said
I couldn't come no harder
Can't sleep on this heat
Don't bother
They said I couldn't
They said I couldn't
Can't sleep on this heat
Don't bother

You think
I won't come out
These heels
And make it clear
I ain't the one
You think
I won't fuck up my hair
And take it there
I ain't the one
Keep your hands up
Off my boo

Ain't no telling
What I'll do
What makes you
Think you fly enough to
Take my man
I ain't the one
Sho ain't the one
Sho ain't the one
