Oh, baby
Baby
I stay in love with you

Dying inside cause
I can't stand it
Make up a break up
Can't take this madness
We don't even
Really know why
All I know is baby
I try and try so hard
To keep our love alive

If you dont' know me
At this point
Then I highly
Doubt you ever will
I really need you
To give me
That unconditional love
I used to feel
It's no mistaking
We're just erasing
From our hearts
And minds

And I know we said let go
But I kept on hanging on
Inside I know it's over
You're really gone
It's killing me
Cause there ain't nothing
That I can do
Baby
I stay in love with you

And I keep on
Telling myself
That you'll come
Back around
And I try to front

Like "oh well"
Each time you let me down
See I can't get over you now
No matter what I do
But baby, baby
I stay in love with you

Na, na, na, na, na
Na, na, na, na
Na, na, na, na, na
Na, na, na, na, na
Na, na, na, na, na
Na, na, na
Baby
I stay in love with you

It cuts so deep
It hurts down to my soul
My friends tell me
I ain't the same no more
We still need each other
When we stumble and fall
How we gon' act
Like what we had
Ain't nothin' at all now

Hey
What I wanna do is
wish i got next to you
With the top down
Like we used to
Hit the block
Proud in the SUV
We both know
Our heart is breaking
Can we learn
From our mistakes
I can't last
One moment alone
Now go I know

We said let go
But I kept on hanging on
Inside I know it's over
You're really gone
It's killing me
Cause there ain't nothing
That I can do
Baby
I stay in love with you

And I keep on
Telling myself
That you'll come
Back around
And I try to front
Like "oh well"
Each time you let me down
See I can't get over you
Now no matter what I do
Baby, baby
I stay in love with you

We said let go
But I kept on hanging on
Inside I know it's over
You're really gone
It's killing me
Cause there ain't nothing
That I can do
Baby
I stay in love with you

And I keep on
telling myself
That you'll come
Back around
And I try to front
Like "oh well"
Each time you let me down
See I can't get over you
Now no matter what I do
But baby, baby
I stay in love with you

I stay in love
Love
Oh, I stay in love
