[intro]

I just wish you knew  
How much I still love you

I've got to see you  
Wherever you are  
And I've got to be there  
I am wishing on stars  
I've got to reveal what's inside of my heart  
But the words escape me  
And I'm paralyzed  
So helpless when I  
Look into your eyes

[chorus]

And how I wish you only knew  
What I feel inside for you  
You probably haven't got a clue  
But I wish you knew  
How I love you, baby

Honestly, I know it's silly of me  
To want you so badly  
But keep it concealed  
See my inferiority complex kicks in  
And the words escape me  
And I'm paralyzed  
So helpless when I  
Look into your eyes

[chorus]

And how I wish you only knew  
What I feel inside for you  
You probably haven't got a clue  
But I wish you knew  
How I love you, baby

[spoken]

I don't know if anybody else outside there tonight  
Who knows what it feels like  
To want somebody so bad  
That nothing and nobody

Can ever seem to fill that void  
That is the situation that I'm talking about right now  
And if you feel me  
Sing the song with me  
Come on

[chorus]  
And how I wish you only knew  
What I feel inside for you  
You probably haven't got a clue  
But I wish you knew  
How I love you, baby

[chorus]  
And how I wish you only knew  
What I feel inside for you  
You probably haven't got a clue  
But I wish you knew  
How I love you, baby
