(Mariah e T.I.):

I'll

(Okay, yeah, yeah)

I'll

(I know you

Like me baby, haha)

I'll

(Yeah, yeah)

(You see what I see)

I'll be lovin' u long time

(You know I like it baby)

I'll be lovin' (7x)

I'll be lovin' you

(I'll be lovin' you long time)

I'll be lovin' (7x)

I'll be lovin' you

(I'll be lovin' you long time)

You don't even

Gotta worry

(Okay)

About a thing

I got yah babe

(Chyeah, chyeah)

And ain't nobody

Taking me away

'Cause it's not a game

I'm here to stay

(I know you like me babe)

See our love is stronger

Than any drug

Addicted

Just can't get enough

(Eh)

And everytime

I'm with you

I want some more

Just close the door

And let's explore

Each other

(You know I like you baby)

Chorus:

Long as I know you've got me
I'll be loving you long time
(As I can be)
I'll be lovin' you long time
(Eternally)
There's no stopping you and me
I'll be loving you long time
(As I can be)
I'll be lovin' you long time
(Eternally)

Don't care
What no one has to say
(Eh)
They don't understand us
Like we do
(Eh)
I need you near me
Night and day
(Cuzz)
Together their
Ain't nothing we can do
(Chyeah, chyeah, okay)
Sweep me up
And we can go
(Hey)
To a little spot
Where no one knows
(Hey)
Spend a little time
Just us alone
(Hey)
You could caress my body
And never let go
(Ha, ha)

Chorus:

Long as I know you've got me
I'll be loving you long time
(As I can be)
I'll be lovin' you long time
(Eternally)
There's no stopping you and me
I'll be loving you long time
(As I can be)
I'll be lovin' you long time
(Eternally)
(You gotta know

I love yeah, told yea')

(T.I.):

Show you I care
I tried just 'cause
Take care of solitaires
I buy just 'cause
I just love
You in the nude
In the bed in the pool
And your legs when you move
All your booty and your cutie
And the sexy way you do it
Make me wanna buy
All the you desire times two
Like the biggest Louis bags
The bentley and newest jags
And the huge pad
And make you laugh
When you be mad
Just invite your friends
Over for diner
And you can brag
Chanel and Tiffany this
Versace and Gucci that
Lifestyle
Like that if you leave
You'll be back
Erway you could go
They eitha broke
Or pretty wake
Plus y'aint gotta ask
Where my heart really at
But you wanna waste time
With one of dem silly cats
Gon' be my guest tho'
I don't suggest
It's just so hard to get
Love like this

(3x):

Don't want another
Ain't never
Gonna be another
Can't nobody do
What you do to me

(Nobody)

(Can't nobody love me)

(Like you do)

I'll be loving you long time
(As I can be)
I'll be lovin' you long time
(Eternally)

Long as I know you've got me
I'll be loving you long time
(As I can be)
I'll be lovin' you long time
(Eternally)
There's no stopping you and me
I'll be loving you long time
(Eternally)
I'll be lovin' you long time
(Eternally)

Long time

I'll be lovin'
I'll be lovin' you
(I'll be lovin' you long time)
