We were two little people wrapped up in this big old world
Drifting 'round in space, out of place just a boy and girl
Then you took my hand and made me a part of you
And I looked in your heart and saw all my dreams come true

You did the impossible (you did the impossible)
you rescued my love
you did the impossible (you did the impossible)
See I had almost given up

And now I love you like summertime
Love you cherry wine
Love you like free money
Like a preacher loves Sunday
Love you like a freeze pop
Love you like a milkshake
Love you like a high school girl on a first date
Love you like shooting stars
Love you like a muscle car
Love you like were destined
Love you like my lover and my best friend
Yeah, you did the impossible

Tonight, Iâ'm going to need all your attention
Close the door
I wanna do things I probably shouldn't mention
Like a bird imma hum
Those three words
I love you, I love you, I love you
Freeze the time
Let the world go by
If your mine say
You love me you love me, you love me
Boy take my hand and make me a part of you
And the love that you gave to me has pulled me through

You did the impossible (you did the impossible)
you rescued my love
you did the impossible (you did the impossible)

See I had almost given up

Now I love you like sunsets, bubble baths on the jet
Love you like kool-aid Louis millionaire shades
Love you like sugar daddies
Love you like a pimp caddy
Love you like a holiday Duncan Hines yellow cake
Love you like its 5am and I'm off work
Love you like Louboutin heels and a miniskirt
Love you like an asher cut pink & white engagement
ring
Love you like laying in the bed, bumping Jodeci

And IÂ'm forever you lady
And IÂ'm forever your lady
Laying in the bed bumping Jodeci
And IÂ'm forever your lady
(love you like the sunsets in the evening)
And IÂ'm forever your lady
(like shooting star)
Laying in the bed bumping Jodeci
And IÂ'm forever your lady
(you did the impossible)
(I almost given up...the impossible!)
