Call on my phone
Baby call on my phone
Baby call on my phone
So I can hear that ringtone

Lost without me lover
How can I live without you?
I don't wanna other
That's what I'm messed up about you
Can't even dream without seeing you
Why should I even try to breath?

And everything is off, without you
Guess it's all my fault
Ladies sing the blues
No one could deny it
We would fly it like united
Thought we'd never be divided cause
The love we had inside of us
Was

Inseparable
If you bump up this song
And you're searching for a moment where your heart's
went wrong
Inseparable
Jealous of your love
Could have sworn you'd never ever give it up
Cause you'd thought y'all were
Inseparable
Always stay together
Always and forever
But now I say that no one is
Inseparable (except for us)
One of us just gotta pick the phone up
As we'd always do
Inseparable

Bump bump (2x)

Gotta photos of us on my refrigerator
Videos on my phone

But I just can't erase them
The first text I got from still saved in my
Inbox and I read it
Like time after time
Boy I'm lost, can't you look,
Wont you please find me
I'm down to my last chance
Wont you rescue me
See it's broken my heart
Yo the point where I don't need it,
Has no reason now to beat
Things just ain't the same without you

Boy I know we were inseparable
Inseparable
If you bump up this song
And you're searching for a moment where your heart's
went wrong
Inseparable
Jealous of your love
Could have sworn you'd never ever give it up
Cause you'd thought y'all were
Inseparable
Always stay together
Always and forever
But now I say that no one is
Inseparable (except for us)
One of us just gotta pick the phone up
As we'd always do
Inseparable

It's been sixteen days since I held you tight
Balled up me and my pillow in the middle of the night
Boy I just wish you show up and make everything
alright
So what you're waiting for?
Cause both of us thought we were

Inseparable
If you bump up this song
And you're searching for a moment where your heart's
went wrong
Inseparable
Jealous of your love
Could have sworn you'd never ever give it up
Cause you'd thought y'all were
Inseparable
Always stay together
Always and forever
But now I say that no one is
Inseparable (except for us)

One of us just gotta pick the phone up
As we'd always do
Inseparable

I know I know I know
We are
I know I know I know
We are
I
Always stay together
Always and forever
Cause
One of us just gotta get the phone up

Baby pick the phone up
Pick the phone up
Oh baby you just gotta pick the phone up
