Intro:

Call my phoneâ€¦
Baby call my phoneâ€¦
Baby call my phoneâ€¦
I be waitin' to hear your ring toneâ€¦
Call my phoneâ€¦
Baby call my phoneâ€¦
Baby call my phoneâ€¦
I be waitin' to hear your ring toneâ€¦

Verse 1:

Lost without my other
Half- how can I live with out you
I don't want another
That's why I'm messed up about you

Can't even dream with out seeing you
Why should I even try to breathe
And everything is off, without you
Guess it's all my fault, ladies sing the blues

Bridge:

No one could deny it
We were flying like United
thought we'd never be divided
Cause the love we had inside us wasâ€¦

Chorus:

Inseparable
If youre up in this song
And you're searching for the moment when two hearts
went wrong
Inseparable
jealous of your love
Cause you swore you'd never ever give it up
Cause you'd thought that ya'll was
Inseparable
Thought we stay together
Always and forever
But now I see that no one is
Inseparable

Except for us
One of us just got to pick the phone up
Cause I know we're still
Inseparable

Verse 2:

Got photos of us on my refrigerator
Videos on my phone, boy I just cant erase them
The first text I ever got from you still saved in my inbox
And I read it like time after time

Boy I'm lost, can't you look, won't you please find me
I'm down to my last tear, come rescue me
See it's broken my heart, to the point where I don't
need it, has no reason now to beat
cause I just ain't the same with out you
Boy I know we're

Chorus:

Inseparable
If you open this song
And you're searching for the moment when two hearts
went wrong
Inseparable
And jealous was your work
Cause you swore you'd never ever give it up
Cause you'd thought that ya'll was
Inseparable
Thou we stay together
Always and forever
But now I see that no one is
Inseparable
Except for us
One of us just got to pick the phone up

Breakdown:

It's been 16 days since I held you tight
Balled up me and my pillow in the middle of the night
Boy I just wish you show up and make everything
alright
So what you waiting for?
Cause both us have thought of we're

Chorus:

Inseparable
If your up in this song
And you're searching for the moment when two hearts
went wrong
Inseparable
jealous of your love
Cause you swore you'd never ever give it up

Cause you'd thought that ya'll was
Inseparable
Thou we stay together
Always and forever
But now I see that no one is
Inseparable
Except for us
One of us just got to pick the phone up
Cause I know we're still
Inseparable
If you're up in this song
And you're searching for the moment when two hearts
went wrong
Inseparable
jealous of your love
Cause you swore you'd never ever give it up
Cause you'd thought that ya'll was
Inseparable
Thou we stay together
Always and forever
But now I see that no one is
Inseparable
Except for us
One of us just got to pick the phone up
Cause I know we're still
Inseparable
