[chorus]

(Ya'll know what this is is!) Can I get a little bit a  
L.O.V.E? (M.C)  
Can ya spend a little bit of dough on me? (Bone Thugs)  
Can I get a little bit a ya T.I.M.E (The lil homeboy Bow  
Wow)  
Boy if ya wanna make it (M.C)  
Could ya gotta give a little bit a... (What's your  
perspective?)

[Mariah Carey:]

Monday we went up (I'm outta love)  
Tuesday you act up (I'm acting up)  
We just break up again  
You want me to let you back in  
But tonight I'm like no, ohh, uh uh uh ohh  
My mind says no, but my body and soul said yes  
I hate this mess  
Boy you just ain't no good for me  
This ain't no way real love should be...

Took you back once, took you back twice, took you  
back, three, four, five  
times  
They said these tricks is over, boy youve been close to  
lies  
Took you back once, took you back twice, took you  
back, three, four, five  
times  
Can't see the light, but you, somebody help me!

[Jermaine Dupri:]

Krayzie! give her a lil' bit

[Krayzie Bone:]

Now you look from the jump and a nigga was thugged  
out,  
But you bugged out, and start trippin  
Flippin' on me all time, and it's been like this all my life,  
no matter how I try  
Guess it's the thug in me, got my mind on my money

man  
I'm spending my time on the grind tryna shine,  
I'm concentrating on running thangs  
I've been tryna hold it down, and you steady tellin' me  
it's over now  
She always talk loud, she always leave me but always  
come back around  
That's just what we go through, and you know it's so  
true  
Every time I slip up she behind me, gon' be right there  
to remind me

[chorus]  
Can I get a little bit a L.O.V.E? (Uh yeah)  
Can ya spend a little bit of dough on me? (haha)  
Can I get a little bit a ya T.I.M.E (Just a lil bit)  
Boy if ya wanna make it, could ya gotta give a little bit  
a...  
(Layzie! give her a lil bit)

[Layzie Bone:]  
Can we take a long walk on the beach, get away from  
the streets  
Baby girl, me and you need to rendezvous  
Cancun next week, how that sound to you?  
I've been meaning to spend a little time witchu  
I can tell you fed up from all of the promises ive been  
making lately  
And I had to deliver but I been so caught in my hustle,  
tryna make this payment  
And I shoulda considered your feelings  
I shoulda been better about it  
I shoulda been grown, not childish  
I shoulda been way more polished  
But my hustle done paid off, and I'm ready to spoil you  
love  
Come look, what cha boy gon do? (gone do),  
let me make this up to you (to you)

[chorus]  
Can I get a little bit a L.O.V.E? (Uh)  
Can ya spend a little bit of dough on me? (Uh)  
Can I get a little bit a ya T.I.M.E (Bow Wow!)  
Boy if ya wanna make it, could ya gotta give a little bit  
a...  
(Give her a lil bit)

[Bow Wow:]  
Weezy girl, I can't believe what you sayin'  
You know you got it, should meet with my fans  
But every time I get a break I'm layin

Where? in your arms all night and day playin'  
You wont some time, I send you Jacob,  
want sunshine then take a vacation  
We aint gon make it if you keep complainin,  
everybody go through changes  
Love is a dangerous (Thing)  
(Why?) it's full of happy and sad faces,  
Break it up to make up later, talk it out so it ain't no  
anger  
We need more communication, you should have some  
consideration  
'Cause you knew from the day we met, what,  
What type of player you was dealing with haha

[chorus]

Can I get a little bit a L.O.V.E? (Uh huh)  
Can ya spend a little bit of dough on me? (Uh huh)  
Can I get a little bit a ya T.I.M.E  
Boy if ya wanna make it, could ya gotta give a little bit  
a...  
(Wish, give her a lil bit!)

[Wish Bone:]

Everything I do, just for me and you  
stack a little paper so its never rainy days,  
I got you, but just for me then you got to,  
understand that I hustle, hustle diamonds things,  
I gotta hustle, hustle, anything that brings the wieght  
up,  
see a real thug too its in his nature, its in his nature  
Not tryna say that you about that paper,  
But me and you, yes we like that paper,  
Overseas trips, diamonds on the wrists,  
you must admit, your boy gets that paper,  
I like bossin, girl, girl, but you beside me, slide wit me,  
slide wit me,  
Try and take it away thats when I ride and ride

[chorus]

Can I get a little bit a L.O.V.E? (That's right)  
Can ya spend a little bit of dough on me? (Uh huh)  
Can I get a little bit a ya T.I.M.E  
Boy if ya wanna make it, could ya gotta give a little bit

Oh, oh, oh, oh...

If you wanna make it, could ya gotta give a little bit a...

[chorus]

Can I get a little bit a L.O.V.E?  
Can ya spend a little bit of dough on me?

Can I get a little bit a ya T.I.M.E  
Boy if ya wanna make it, could ya gotta give a little bit  
a... (Fade out)
