What It Look Like
What It Do
What It Look Like
What It Do
Got me fly and sexy
Something in you gets me
So tingley inside
Visions of us in the cut tonite
And I find you so appealing
Definitely feeling you
If you didn't know
Boy you're the secret I've never told

Betcha think I'm teasin'
But I ain't got no reason
To deny
The way I feel inside, tonight
I just want to touch you
Put my hands on you and love you
You'll be like I want you
Over here over here over here over again

What it look like
Me and you making last all night
What it do (what it do)
My heart is beating faster all the time
What it look like
Boy you don't even know everything that flows
through my mind
What it do (what it do)
Ooh, boy what you gonna do about it

JD Rap:
Listen
I got stacks like
The international house of pancakes
Your man great Got More rovers than a Land make
I make hits and I don't care about you and your damn
hate
Can't stop ,man , I just do it for the fans sake
You know this man taking trips to japan
Tell em dry the runway

I don't want it wet when I land
O5's my year 06 aint stoppin
You look up again and the chart I'm toppin'
That's how I do it man
What must I say
What must I do
To show how much
I think about freakin' you
What must I say
What must I do
To show how much
I think about freakin' you

Tonight, I need your body (i need your body babe)
Tonight, you got my time (every little second of my
time)
Tonight, you won't be sorry (no you won't be
sorry baby)
Tonight, you gon' be mine
(C'mon)

Betcha think I'm teasin'
But I ain't got no reason
To deny
The way I feel inside, tonight
I just want to touch you
Put my hands on you and love you
You'll be like I want you
Over and over and over and over again

What it look like
Me and you making last all night
What it do
My heart would be faster all the time
What it look like
Boy you don't even know everything that goes
through my mind
What it do
Ooh, boy what you gonna do about it

What it look like
Me and you making last all night
What it do
My heart is beating faster all the time
What it look like
Boy you don't even know everything that goes
through my mind
What it do
Ooh, boy what you gonna do about it
