Oo Oo Ooooooo
Baby baby I miss you

Longing for you everyday
And I reach for you everynight
Baby nothing's been the same
Since the day we said goodbye
And I can't go on
Like this for too long

Boy I need you next to me
And I'm hungering for your touch
Caught up in the memories
And you're all I'm thinking of
Cause I can't get past
What we used to have

I'm talkin bout how I used to like it
When you whispered to me
Tell me that you love me
And those beautiful things
Baby won't you come back
Cause I'm really in need
I'm lost in your love
And I don't know what to do with myself
And I don't wanna be with nobody else
I just think about you
Think about us
Think about how much
I miss you

All I do is reminisce
Of the love that we used to share
Can't recover from your kiss
Because nothing else compares
Ain't no substitute
When it comes to you

Vision of us hand in hand
Come to me when I close my eyes
Baby I don't understand
How we let it all slip by

Tell me, can't we try
Maybe one more time

I'm talkin bout how I used to like it
When you whispered to me
Tell me that you love me
And those beautiful things
Baby won't you come back
Cause I'm really in need
I'm lost in your love
And I don't know what to do with myself
I don't wanna be with nobody else
I just think about you
Think about us
Think about how much
I miss you

(Remember when)
Our eyes first met
I knew I'd never be the same again
(Why can't it just)
Be like it was
Enough is enough
Baby I miss your love

I'm talkin bout how I used to like it
When you whispered to me
Tell me that you love me
And those beautiful things
Baby won't you come back
Cause I'm really in need
I'm lost in your love
And I don't know what to do with myself
I don't wanna be with nobody else
I just think about you
Think about us
Think about how much
I miss you

I'm talkin bout how I used to like it
When you whispered to me
Tell me that you love me
And those beautiful things
Baby won't you come back
Cause I'm really in need
I'm lost in your love
And I don't know what to do with myself
I don't wanna be with nobody else
I just think about you
Think about us
Think about how much

I miss you
