It's ya boy twista

Oh oh oh oh  
Oh oh oh ooh oh oh oh oh  
Oh oh oh oh  
Oh oh oh ooh oh oh oh oh

Twista:  
You know I like the way you kick it girl  
You know I like it when ya in my world  
Come here lil momma let me freak yo body  
Then roll wit me in the Bentley White pearl  
Girl you know you get me so erotic  
Especially when I be sippin hypnotique  
Got me feelin like I'm smokin on cronic  
When we fuckin it be so exotic  
Now I know that I be turnin on fiyay wit Mariah  
And she know she be dealin wit a balla  
Can't go fast cuz I'm heavy through the wire  
Fulfillin' desires like a chi shot calla  
Do you love how the twist throw it at you  
Do you love when I hit it from the back too  
Let me feel how you work it that one way  
Come on baby girl let me see what that do

Mariah:  
I wish that we could  
Blow out the speakers  
Over N Over  
To then jokes to secrets  
Forever your lady  
You act right then maybe  
Ain't nothing to talk about  
Put the music loud  
So they wont hear me say  
Ah-hahaha ahh!  
Come and be my one and only  
Tired of being so lonely come hold me  
Ah-hahaha ahh!

I wanna wrap myself around you or whenever you want  
to  
Come make me say  
Ah-hahaha ahh!  
Come be my one & only  
Tired of being so lonely console me  
Ah-hahaha ahh!  
I wanna wrap myself around you or baby whenever you  
want to  
Come make me say  
Twista:  
Now we pullin up out the garage  
In the platinum blue arnage  
Me and you about to hit that club  
To the bar so we can sip that bud  
Both of us together we would be the livest  
If I had to break it down how would I describe it  
(Ah- ahahaha ahhh! )  
We the type of couple when we get up on each other  
We get it crackin in the kitchen or the bedroom  
It don't matter where we at we be makin noise  
So play the track so the base will make ya head boom  
Break ya off when here one leg up  
And you know I like the way you put it on me  
It's the eastcoast queen and the midwest Mob Boss?  
Shorty I will never leave ya lonely  
Mariah:  
I wish that we could  
Blow out the speakers  
Over N Over  
To then jokes to secrets  
Forever your lady  
You act right then maybe  
Ain't nothing to talk about  
Put the music loud  
So they wont hear me say  
Ah-hahaha ahh!  
Come be my one and only  
Tired of being so lonely come hold me  
Ah-hahaha ahh!  
I wanna wrap myself around you or baby whenever you  
want to  
Come make me say  
Ah-hahaha ahh!  
Come be my one & Only  
Tired of being so lonely console me  
Ah-hahaha ahh!  
I wanna wrap myself around you or whenever you want  
to  
Come make me say

Twista:

Let me give it to you all night long  
Let me give it to you through da song  
Let me give it to in the hall way  
Let me give it to you on the belcony baby  
Give it to you on the east coast  
Give it to you on the west coast  
Give it to you down south  
Let me give it to you in the midwest baby  
Let me give it to you in the UK  
Let me give it to you trough the DJ  
Let me give it to you in the back, I got some yak in the  
sack  
Lets have a replay  
I can give it to you how ever you desire  
And I got to show you that I aint a liar  
I'm a console you when your lonely  
Come and listen to twista and mariah

Mariah:

So just show a girl what to do (What to do)  
After this boy I promise to do  
You got my body lit up like the moon  
You're too persuasive, I can't take it,  
I'm so caught up in you

Ah-hahaha ahh!

Could ya be my one and only  
I'm tired of being so lonely come hold me  
Ah-hahaha ahh!
