Baby, when you look my way  
You keep on blowin' my mind  
You keep on makin' me high  
Keep giving me butterflies and  
Every little thing you do  
Just lifts me off of the ground  
Heart leaps when you come around  
See, I'm just breakin' it down

You got everything I need, just  
Want you to want me, you  
Just can't imagine, boy  
I'm on a tangent

'Cause I'm sprung over you  
And ain't nothing I can do  
Turning me upside down  
Boy, you got me twisted out  
Thoughts of you fill my head  
Toss and turn in my mind  
'Cause I'm sprung over you  
And I don't know, don't know what to do

Oh, it's hard to make believe  
It's just a casual thing  
You're so unnerving to me  
Feels like I'm living a dream, but  
Baby, please don't wake me up  
I'm lost in the reverie  
Drifting ethereally  
I'm right where I wanna be

You got everything I need, just  
Want you to want me, you  
Just can't imagine, boy  
I'm on a tangent

'Cause I'm sprung over you  
And ain't nothing I can do  
Turning me upside down  
Boy, you got me twisted out  
Thoughts of you fill my head

Toss and turn in my mind  
'Cause I'm sprung over you  
And I don't know, don't know what to do

I don't care 'bout nothing but you, baby  
(Nothing but you, baby)  
I don't care 'bout nothing but you, baby

'Cause I'm sprung over you  
And ain't nothing I can do  
Turning me upside down  
Boy, you got me twisted out  
Thought of you fill my head  
Toss and turn in my mind  
'Cause I'm sprung over you  
And I don't know, don't know what to do
