

## Mariah Carey "Still With You"

Visit "[Still With You](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Through the depth that we encountered  
And I thought your love was fading away slowly  
When you walk away, I drown from my tears  
I wish you're with me right now, right here  
But I guess great chances come once in a lifetime  
You were the one who gave me the life I've ever  
dreamed of.  
And right now I walk without you, And tonight I'll be  
lonely  
What was wrong with me? God let me see

I guess I'm not with you anymore  
I guess I'm not the one anymore  
No one will touch me like you do  
Because I'm still feeling your touch  
Still attached to you  
I wish I was still with you

Don't want to be obsessed  
I don't want to be depressed  
I can't forget you, Wish I could  
Wish you were never mine  
When will this be over  
I know you'll never come over  
Blame it on my heart

So devoted to you, Can't be apart

I guess I'm not with you anymore  
I guess I'm not the one anymore  
No one will touch me like you do  
Because I'm still feeling your touch  
Still attached to you  
I wish I was still with you

I know tomorrow I'll cry, Because tonight I'll dream  
about you  
Why did you have to let go so easily  
Baby I'm yearning of your sentiment

I guess I'm not with you anymore  
I guess I'm not the one anymore

No one will touch me like you do  
Because I'm still feeling your touch  
Still attached to you  
I wish I was still with you
