Hoo Hoo  
Lala la lala da  
Ooh ooh

See it's hard to tell somebody  
That you're still somewhat attached to the dream  
Of being in love once again  
When it's clear they've moved to

So I sat down and wrote these few words  
On the off chance you'd hear  
And if you happen to be somewhere listening  
You should know I'm still here

If you really need me  
Baby just reach out and touch me  
You don't ever have to be  
Downhearted again  
(Na nana na na na)  
If she hurts you or misleads you  
Baby all you ever need to do  
Is call me and let love rush in

What can I say? I had a little extra time  
So I figured out, might as well explain  
A couple little things to you  
That you probably never knew  
Like you'll always be, an intrinsic part of me  
Even though life goes on

If you really need me  
(Need)  
Baby just reach out and touch me  
(Ohh yeah)  
You don't ever have to be  
Downhearted again  
(Na na na)  
If she hurts you or misleads you  
(Na na na)  
Baby all you ever need to do  
(Na na na)  
Is call me and let love rush in

(Baby)

And then my love will flow  
Like the waves to the shore  
You can fall into me  
Once again effortlessly  
And I'll comfort you so  
Your heart won't hurt anymore  
I'm waiting patiently

If you really need me  
(Really)  
Baby just reach out and touch me  
You don't ever have to be  
Downhearted again  
(Oh no)  
If she hurts you or misleads you  
(Yeah)  
Baby all you ever need to do  
(If she hurts you or misleads you)  
Is call me and let love rush in  
(Yeah)

(If you really need me baby)  
If you really need me  
Baby just reach out and touch me  
(Reach reach baby)  
(Reach, baby)  
You don't ever have to be  
(Don't ever hesitate to call me yeah)  
Downhearted again  
If she hurts you or misleads you  
(If she hurts you)  
Baby all you ever need to do  
(She's a dam fool)  
Is call me and let love rush in  
(All you gotta do is call me boy, I got you)

If you really need me  
(Yeah yeah)  
Baby just reach out and touch me  
(If you're listening to me baby)  
You don't ever have to be  
(Like you used to)  
Downhearted again  
(Before I even knew you)  
If she hurts you or misleads you  
(Then you know I'm singing to you)  
Baby all you ever need to do  
(So I just wanted you to call)  
Is call me and let love rush in

(That anytime you need a friend)

If you really need me

(I'm here)

Baby just reach out and touch me

(You can still believe)

You don't ever have to be in fairy tales

Downhearted again

(Yours and mine)

If she hurts you or misleads you

(So if by chance you take a listen)

Baby all you ever need to do

(I'm quite sure you know is call me and let love rush)
