Don't you wanna go with me  
Leave your cares and worries behind  
Don't you wanna roll with me  
Talk about the time of your life  
Baby won't you smile for me  
Gonna feel so much better inside  
Everything's alright baby  
We're gonna have the time of our lives  
(The time)  
So right  
(Of our life)  
Everything is so nice  
Take a minute to enjoy the sunshine  
(The time)  
We're gonna get by  
(Of our life)  
So keep your head to the sky  
Baby we're gonna have the time of our lives  
Don't you wanna go with me  
We're gonna have the time of our lives
