If I could recapture
All of the memories
And bring them to life
Surely I would hear the distant laughter

Wasn't it you and me
Surviving the night
You're fading out of my sight
Swiftly

You're vanishing
Drifting away
You're vanishing

I was so enraptured
No sensibility
To open my eyes
I misunderstood

Now you're fading faster
It's suddenly hard to see
You're taking the light
Letting the shadows inside
Swiftly

You're vanishing
Drifting away
You're vanishing

You're vanishing
Drifting away

Reaching out into the distance
Searching for spirits of the past
Just a trace of your existence to grasp

And if somehow I could recapture
All of the memories
And bring them to life
Lord knows I would

But now you're fading faster

Getting so hard to see
Taking the light
Letting the darkness inside
Swiftly

You're vanishing
Drifting away
You're vanishing

You're vanishing
Drifting so far away
You're vanishing
Oh, yeah, away
