Baby, when u look my way
u keep on blowin my mind
u keep on makin me high
keep givin me butterflies and
every little thing u do
just lifts me off the ground
heart leaps when u come around
see, im just breakin it down.

u got everything i need, just
want u to want me, u
just cant imagine, boy
im on a tangent

cause im sprung over u
and aint nothin i can do
turnin me up side down
boy u got me twisted out
thoughts of u fill my head
toss and turn in my bed
cause im sprung over u
and i dont know, dont know what to do.

Oh its hard to make belive
its just a casual thing
you're so unnerving to me
feels like im livin a dream, but
baby, please dont wake me up
im lost in the reverie
drifting ethereally
im right where i wanna be.

you got everything i need, just
want u to want me, you
just cant imagine, boy
im on a tantent.

cause im sprung over u
and aint nothin i can do
turning me upside down
boy you got me twisted out
thoughts of u fill my head

toss and turn in my bed
cause im sprung over u
ant i dont know, dont know what to do.

i dont care bout nothin but u baby
(nothin but u, baby)
i dont care bout nothin but u baby
cause im sprung over u
and aint nothin i can do
turnin me upside down
boy u got me twisted out
thought of u fill my head
toss and turn in my bed
cause im sprung over u
and i dont know, dont know what to do.
