ever since you left me  
i cant eat  
cant sleep  
you got me so i cant hardly breathe  
im so used to hear u saying  
Goodnight, Sleep tight, dont the bed bugs bite  
i kno ur not gunna call no more...

-Chorus-

But im still here waiting  
i wait for the goodnight baby, and  
the good morning beautiful  
i wait for that letter  
you sent in the mail  
but mostly....  
im waiting for u to walk through my door  
Say honey im real sorry.. i love you...2  
But im still here waiting

Ever since u left me  
i cant think straight

You got people askin me questions  
i dont know the answer to  
like what wrong? wat happend? why are u crying?  
please help me..

(-chorus-)

I'll sit here forever  
waiting for...  
The goodnight.. sleep tight, dont let the bed bugs bite.  
and the goodmorning beautiful  
I'll wait for that letter u sent in the mail  
But mostly  
im waiting for you to walk through my door  
say honey im really sorry.. and i love you 2..

But im still here waiting..  
yeah im still here waiting
