What you thinkin' about?
You an' me, baby, goin' one on one
JD, y'all, MC, y'all

I'm the man to fulfill your needs
Get you everything that you see in your dreams
Baby, let nothing an' nobody tear us apart
An' forever you'll be my sweetheart

Boy, haven't you noticed the gleam in my eye?
Because of you, I'm a little hypnotized
But every time you're with me, I feel so positive
That with a little love, something's gotta give

A full moon is waitin' in the twilight
Maybe soon you will come to be my knight
Here we are, hopin' that we'll never part
Stay with me

Baby, won't you be my sweetheart?
An' we could share a storybook romance
Won't you be my sweetheart?
We could share a storybook romance

You are no Casanova, I know that you'll be true
An' that's why I'm so in love with you
But this romantic evenin', you leave me at my door
But tonight, I'd like us to explore

A full moon is waitin' in the twilight
Maybe soon you will come to be my knight
Here we are, hopin' that we'll never part
Stay with me

Baby, won't you be my sweetheart?
We could share a storybook romance
Won't you be my sweetheart?
We could share a storybook romance

Na, na, na
Na, na, na
Na, na, na

See, I saw you in the party with your eyes on me
Fittin' the description of what I want my bride to be
As live as me, don't know the same guys as me
A lotta style, unusual, name like Ivory

I agree with my n***, you the baddest
I ever seen in a long time
A woman with her own shine, his own time an' no hit
'Coz I'm tired of dealin' with the wrong kind
Gettin' none but the bull***

She got a playa tryin' to think of new things to say
She's in the corner sippin' Don P, Rosee
Shakin' it up with the homegirls, payin' no attention to
us
They in they own world, hey, yo, girl

I'm the man to fulfill your needs
Get you everything that you see in your dreams
Baby, let nothing an' nobody tear us apart
An' forever you'll be my sweetheart

Sounds so right, mood is right
Say what? MC, baby, sing it to me
To keep me warm, away from harm
Nowhere better than my baby's arms

Sounds so right, mood is right
Say what? MC, baby, sing it to me
To keep me warm, away from harm

Won't you be my sweetheart?
We could share a storybook romance
Won't you be my sweetheart?
We could share a storybook romance

Just to be my sweetheart
We could share a storybook romance
Won't you be my sweetheart?
We could share a storybook romance
You know, I need your love, romance
