With my perceptions in a mix
Down 20 miles through the sticks
To the clouded town of Hellview population 96
Excessive vacancy well maybe in the shadow of an eye
All the strangers pass through
where the rules just don't apply

At the fork turn left
A store
But on the right stay free from sight
Cause 96 quite bitter beings like to stack the bodies
high
The only way to ever leave is over flooded by the storm
And entanglement in Hellview brings you fear in 50
forms

(They deleted all the tourists at the bottom of the lake)

And not one supports the cause to leave the blood stay
in the veins

Here three miles back is where we are
All we ever wanted was an answer
Civilized are close yet way too far
All we ever wanted was an answer

Footprints giving clue to where we are
All we ever wanted was answer
civilized are close yet way too far
All we ever wanted...
