with the pressure on, intent is to run,  
when you're feeling ineffective and dumb,  
you bet it's true, the event is you,

invaded by a swarm of confliction,  
been penciled, in but never begun,  
infected sense, the insistant one,

if grieving is today, you've entered a familiar realm,  
with pesimistic views, you've entered a familiar realm,

break out and carry on,

if responsibilities are ignored,  
then the penalties will soon be endured,  
potential risks beyond control,

fortune isn't fame, you've entered a familiar realm,

if they've told you who to be, you've entered a familiar  
realm,

break out and carry on,

invaded by a swarm of confliction,  
been penciled, in but never begun,  
potential risks are beyond control,

if nothings left to say, you've entered a familiar realm,  
if they all get in the way, you've entered a familiar  
realm,

if they've told you who to be, you've entered a familiar  
realm,  
fortune isn't fame, you've entered a familiar realm
