I'm looking for my one and only
Every time I turn around
I find my heart in pieces on the ground
So, so lonely
I'm lookin' for my one and only

I'm ridin' home in pain again, baby
But that don't mean shit to you
You're currently engaged
In an intimate conversation
With a young groupie or two

They say players only love you
When they're playin' games
Still I gave my heart to you
I should have stayed away
Like my friends all told me to

Every time I turn around
I find my heart in pieces on the ground
So, so lonely
I'm lookin' for my one and only
Every time I turn around
I find my heart in pieces on the ground
Why can't I find my one and only?

See, I'm lookin' for a man that'll rub me slow
Make me sing real high when he goes down low
But see it ain't just a physical thing
He's gotta treat me affectionately

And I gotta know he won't betray my trust
Just like every other motherfucker does
Is this just an impossible dream, baby?
Too elusive to pursue
It's been such a sad and windy road for me
Just searchin' for the truth

Every time I turn around
I find my heart in pieces on the ground
So, so lonely
I'm lookin' for my one and only

Every time I turn around
I find my heart in pieces on the ground
Why can't I find my one and only?

Now you know I'm rollin' Beamer and a Benz
And I'm dishin' out ends
Why you hatin' on a playa, baller
Havin' better conversations while we rollin' on twenty
fo's

And I know you got doubts
Why you listen to what people talk about?
You ain't figured out why they call you
The Heifer steady hatin' 'cuz you rollin' on twenty fo's

See, how ya money flow
You dressed in designer clothes from head to the toe
You ain't satisfied then tell me what you lookin' fo'
I'm lookin' for my one and only

Well, I'll be you one and only
If you give me a chance, I'll make a change fo' you, girl
I know I ain't been the most faithful nigga in the world
But let's stay together, so we can shine like pearls

Spendin' to a wallet, fill a Swisha with fire
To kiss ya lips, I desire
Twist and Mariah, together like a rim and a tire
I'm lookin' for my one and only

Well, come on, shorty
Let me make it better, we can do whatever
While we sittin' on suede and leather
Feelin' through the city while we rollin' chrome

And let's kick it in the Chi
I know I messed up with you, I ain't gon' lie
I knew you was feelin', you really know yo' guy
But baby girl, I ain't mean to blow your high

Let me pick the pieces up and put em' back together
'Cuz I wanna be with you, don't wanna leave you lonely
Ride with you like the homie, never no phony
Shorty, can I be ya one and only?

Every time I turn around
I find my heart in pieces on the ground
So, so lonely
I'm lookin' for my one and only
Every time I turn around
I find my heart in pieces on the ground

Why can't I find my one and only?

Every time I turn around
I find my heart in pieces on the ground
So, so lonely
I'm lookin' for my one and only
Every time I turn around
I find my heart in pieces on the ground
