Lose my mind  
Trying to get in your line of sight  
Everything is quiet when I close my eyes,  
Here we go again

So it seems, I'm fighting harder for you than I ever did  
for anything,  
Caught in a daydream  
So I'm just gonna let myself fall into this one

Here we go again, it's all happening,  
Or is it all in my head, who says this daydream has to  
end.  
My heart's caving in, it's all happening  
Do you remember when you told me you loved me,  
I told you to say it again

We passed the time by acting like children in the  
summer  
And if it's quite all right, I'd like to be the only one on  
your mind  
But don't hold your breath,  
Things I've heard about you make me second guess  
But when you're around I start thinking less

Just gonna let myself fall into this one

Here we go again, it's all happening,  
Or is it all in my head, who says this daydream has to  
end.  
My heart's caving in, it's all happening  
Do you remember when you told me you loved me,  
I told you to say it again

Told you to say it again,  
Oh just gonna let myself fall into this one,  
Oh let myself fall into this one.

Here we go again, it's all happening,  
Or is it all in my head, who says this daydream has to  
end.

My heart's caving in, it's all happening  
Do you remember when you told me you loved me,  
I told you to say it again  
I told you to say it again,  
I told you to say it again.
