I have a thing I'd like to say to you  
Put down your guns and listen to... Me  
I am unarmed and I have no fear  
I will not budge or steer clear... Of you

So just save your words and I'll fade away now  
Give me a match and I'll burn it all down  
Pick up your feet and take me home now  
'Cause it's dark inside, and I'm all alone

Your heart is filled with superficiality  
I don't quite know what has come over me

So just save your words and I'll fade away now  
Give me a match and I'll burn it all down  
Pick up your feet and take me home now  
'Cause it's dark inside, and I'm all alone

And this the part where the curtain falls  
And the day dream ends it all  
Where the yellow brick road is much too far to go alone

So just save your words and I'll fade away now  
Give me a match and I'll burn it all down  
Pick up your feet and take me home now  
'Cause it's dark inside, and I'm all alone

Just save your words and I'll fade away now  
Give me a match and I'll burn it all down  
Pick up your feet and take me home now  
'Cause it's dark inside, and I'm all alone
