All the times I tried to steal my best for you,  
And I threw it up to keep it down  
And watch it burn I hate the sound  
I, I know just how you feel  
'Cause I don't know how it ever got away.

'Cause I still feel

All the things I did before  
When you used to need it more  
Remember all the ways you fixed me?  
How will you fix me now? (Yeah)  
And if your ever feeling you're,  
Bruised and battered, always sore,  
And I won't tell no one,  
Just breathe, breathe

(Who are you now?)

And I'd rip it out if that would make you feel it more,  
And I know you hate to watch me pout,  
And tear it off and scream it out,  
I, I know that even though your breaking,  
You'll get, sick and terrified,

I still feel

All the things I did before,  
When you used to need it more,  
Remember all the ways you fixed me?  
How will you fix me now? (Yeah)

And if your ever feeling you're,  
Bruised and battered, always sore,  
And I wont tell no one,  
Just breathe, breathe.

You can have it all (You can have it all)  
You can take it all (You can take it)  
You can have it I don't mind, I don't mind, I don't mind  
(I don't mind at all)  
Oh, oh, oh, ohhhh

Just take it all(x6)  
Yea,  
You can take it all! (x5)

And if your ever feeling you're,  
Bruised and battered, always sore,  
And I wont tell no one,  
If you fix you  
How do we fix you now?  
All the things I did before  
When you used to need it more  
Remember all the ways you fixed this?  
How do we fixed this now?

And if your ever feeling your  
Bruised and battered, always sore  
I won't tell no one  
Just breathe, breathe, breathe, breathe!
