I will softly pull away  
In this broken beautiful mess I've made  
And in the dead of quiet I will slowly fade  
In this masterpiece I made

I'll burn out and slip away  
And this just a part I portray  
You're beautiful  
Can I hide in you and stay here?

They keep mostly to themselves  
Hush now they'll hurt you till your heart melts  
They know you're lonely  
And they will only break your heart  
And this masterpiece will tear you apart

I'll burn out and slip away  
And this just a part I portray  
You're beautiful

Can I hide in you and stay here?

First it comes on, creeping quiet  
And this is just a part I portray  
You're beautiful  
Can I hide in you and stay here?

Oh, and I will  
(I'll wreck this I have to, tell me what good would that do?)

Oh, I will  
(I'll wreck this I have to, tell me what good would that do?)

Whoo, I, I portray  
(I'll wreck this I have to, tell me what good would that do?)
