First it comes on quiet creeping slow.
Clever words and phrases always stain,
I remain so lost and buried under everything
that i need when all i want is you.

I've been here so very long and every word
is calculated, never questioned or debated
All these practised poses, I could wreck it if i had
to but i'm the wreck so what would that do.
My masterpiece will fall apart;
it was over before the start

[chorus]

If I burn out and slip away.
If this is just a part I portray and
this is just a part I portray
You're beautiful can I hide in you awhile.
but this is just a part I portray
and this is just a part I portray

They keep mostly to themselves;
don't make a sound in case they hear you,
It only hurts me to be near you.
Keep those tired eyes closed careful follow my
instruction
and i will show you self-destruction.
This Masterpiece is only mine, entirely guilty by design

[chorus]

If i burn out and slip away.
If this is just a part I portray and
this is just the part I portray
You're beautiful can I hide in you awhile.
this is just a part I portray,
can I hide in you awhile.

I just can't let, let it out
oh I just can't let it out
I just can't let, let it out
oh I just can't let it out
I just can't let, let it out

oh I just can't let it out

if this is just a part I portray,
You're beautiful can I hide in you awhile,
You're beautiful, if this just a part I portray,
if this is just a part I portray,
I don't know how it got this way
