I never took you for a trip
But sometimes
I don't know what you want
I can take it if you need to
Take this out on someone

That little bitch
Tilt her head held so high
Talking shit and I cut myself
So I could feel something
I know is not a lie

That one stings a little
I'm always in the middle
I don't expect but try me
And you will always find me here
This is where I scream from

Yeah, you can take it all and work it out
Yes, there's a little bit of you in all this
You can say the only thing you know
Yeah, please

There's a better bit of me to see yet
'Cause you haven't see any of my best
Know I hate myself without you now
Yeah

Hurts the same when nobody knows
Guess that's just how it goes
And I, I won't say anything at all

I was taking on a dollar sign, anxious
Scared of what you need
Everybody wants a piece of you
Everyone takes a piece of me

That one stings a little
I'm always in the middle
I don't expect but try me
And you will always find me here

This is where I scream from

Yeah, you can take it all and work it out
Yes, there's a little bit of you in all this
You can say the only thing you know
Yeah, oh, please

There's a better bit of me to see yet
'Cause you haven't see any of my best
Know I hate myself without you now
Yeah

Hurts the same when nobody knows
Guess that's just how it goes
And I, I won't say anything at all

(IIIIII)
This is the hook, take it like I took
I'm shaking like I shook before
And I'm a little better off
I'm not the only one

This is where I stopped before
And now you have a piece of me
I always slip away from
I always slip away from
I won't say anything, but

Yeah, you can take it all and work it out
Yes, there's a little bit of you in all this
You can say the only thing you know
Yeah, please

There's a better bit of me to see yet
'Cause you haven't see any of my best
Know I hate myself

Hurts the same when nobody knows
Guess that's just how it goes
And I, I won't say anything at all
I won't say anything at all
I won't say anything at all
