I lock the door
Turn all the water on
And Bury that sound
So no one hears anything anymore
Mirror lie to me, tell me you can see
Maybe you won't be able to recognize me now
I know you can feel, all the things you steal
And you're taking, you're takin it

Feeling so easy
Make me skin and bones
I'm always on my knees for you
You break like it's even
When you're faking it
Thin, Where have you been?

Well sometimes it burns
Maybe I'll wash it out
It all look so big
Nevermind, I don't feel anything

It only hurt a bit
And I still feel like shit
And I think you won't be able to recognize me now
It's easier to quit
It's harder to admit and
You're pushin me, you're fucking pushin me!

Feeling so easy
Make me skin and bones
I'm always on my knees for you
You break like it's even
When you're leavin' it
Thin, Where have you been?

Cause you always win
And you all...

YEAAAAHHH!

Laughin' like it works
Bleeding like it don't hurt

Knock you off your feet
Even if you need me
Tear you apart,
And I hate how I need you

Feeling so easy make me skin and bones
I'm always on my knees for you
Break like it's even
When you're leavin' it

Too fucking easy
Make me skin and bones
I'm always on my knees for you
Break like it's even
When you're leavin' it
Thin, where have you been?

You always win
And you all...
All...

I will burn all this (x9)
