"So It Goes"

In every heart
There is a room
A sanctuary is safe and strong
To heal the wounds from lovers past
Until a new one comes along

I spoke to you
In cautious tones
You answered me with no pretense
And still i feel i said to much
My silence is my self defence

And this is why my eyes are close
Its just as well for all ive seen
And so it goes and so it goes
And youre the only one who knows

So i would chose to be with you
as if the choice
Were mine to make
But you can make descions too
And you can have this heart to break (oh ah)

And so it goes and so it goes
And youre the only ne who knows
