Now follow me down to it,
Just follow me down to it
Nobody will know how you come and you go for it
Not gonna get dangerous,
You don't gonna worry bout' us
Somebody to give what you get
And you get what you need now

And these lights get bright,
So let me show ya
Be so, so, so nice to know ya

It's as easy as,
1, 2, 3, do you see what I do
Truth or dare, yes I double dare ya
You, you, me, now I think I got it
One last breath and just spin the bottle now

*you know you don't need to be so worried,
Even though below I'm still thinking bout' it*

1, 2, 3, now double dare me as well
Truth or dare

dirty little secret, dirty little secret

This will be our little

dirty little secret, dirty little secret

This we be our little
You get to the slow to set,
Give in he trust to feel it
Give in to the push and the pull and the forth and back
Ooooooh
Your not gonna slow me down,
Not gonna hold you to it
I guess it depends, in the end
After all we're all friends here
Here

And these lights, big bright,

So let me show ya
So, so, so nice to know ya

It's as easy as,
1, 2, 3, do you see what I do
Truth or dare, yes I double dare you
You, you, me, now I think I got it
One last breath and just spin the bottle now

*you know you don't need to be so worried,
Even though below I'm still thinking bout' it*

1, 2, 3, now double dare me as well
Truth or dare

dirty little secret, dirty little secret

This will be our little

dirty little secret, dirty little secret

This we be our little

dirty little secret, dirty little secret

This will be our little

dirty little secret, dirty little secret

And this we be our little
