Easy in the city,
Easy in the mind.
Easy in the city,
Easy in the mind.

Light is slanting sideways
Sun is getting through.
Gonna take a taxi
Gotta get to you!

Easy in the city,
Easy in the rooms.
Isn't it a pity
Time goes by so soon ...
Time goes by so soon.

If I can find the secret in the green
I'll let you know.
And if you seek a treasure made of silver
You can go ... go

Easy in the city,
Easy in the rooms.
Isn't it a pity
Time goes by so soon ...
Time goes by so soon.

If I can find the secret in the green
I'll let you know.
And if you seek a treasure made of silver
You can go ... go.

Easy in the city,
Easy in the mind.

Easy in the city,
Easy in the mind.
